Theatre Rhinoceros

Presents *Take Me For a Ride...cute girl!*

January 26, 2006 – February 25, 2006

What: The amazing conclusion of Karole Langlois' *Take me for a ride... cute girl!*, The Rhino's hit lesbian one-act from 2005, expanded to full-length in order to take you behind the scenes of an all-girl cast at the world's longest running Queer Theatre to show you what really happens backstage... and during rehearsal... and at the bar... and in a couple of bathrooms...

Take me for a ride...cute girl! is written by Karole Langlois, directed by Melissa Ososke, and features Holly Chou, Karole Langlois, Natalia Miner, Heather O'Brien and Kathy Rentschler.

The Cockivores will perform after four selected performances (Jan. 28, Feb. 10, 17 & 24). The Cockivores explore perversion, gender, politics, sexual orientation, vulnerability, community building, spirituality, and amusement in the ever-evolving, campy drag performance style of tear-away costumes, lip-synching, and super sexy, titillating dance moves.
